What we seek to do

As we remain committed to our People centric philosophy, the career growth of our staff underpins the success of the Aina Blankson Brand

The primary objective of AB Academy is professional development and collective empowerment towards exceeding clients' expectations and most of all, preparing for relevance in the global word stage

How we operate

In realization of our fundamental objective, we have three operating units which allows for efficiency and administrative ease:

- **Culture and Talent Development**
- **Specialized Programs & Courses**
- **Research & Publications**

Culture & Talent Management

In today's fast-paced and ever-changing business landscape, organizations face significant challenges to remain competitive while maintaining a delicate balance between growth and stability. Knowing full well that success in such an environment requires more than just innovative products or services; our Culture & Talent Management team remain focused on enhancing cultural orientation and cultivating talents.

Towards building Internal capacity, we leverage resources, knowledge, and capabilities to achieve our strategic objectives efficiently through:

- Human Capital Development
- Knowledge Management
- Organizational Culture
- Innovation
- Work Place Balance

Specialized Programs & Courses

The Specialized Programs & Courses department provides adequate training opportunities for all members of Aina Blankson including member firms of our parent company, Aina Blankson Global. Our Specialized Programs include the Thinkers & Leaders Initiative (TLI), Internship and Fellowship Programs amongst others.

Our range of courses assist staff members to discover their hidden skills and talents and making them highly efficient to achieve greater competence in their field and improve their prospects for progress. The focus will include programs related to:

- Law
- Finance
- Technology
- Oil & Gas
- Maritime

Research & Development

Research and Publication is central to the growth of any organisation. Studies have revealed that amongst the underlying factors responsible for the growth of most successful corporations is innovation which is largely fuelled by research.

The Research & Publication team of Aina Blankson is focused on the discovery of new trends in diverse sectors across the globe, with the overall aim of increasing the knowledge base of the Firm, development of new products, enhanced visibility and increased market share for Aina Blankson & its affiliate firms.

Publications

"Education gives us our competitive edge. Anybody can hire smart people. It's what you do with them that makes the difference. In a professional service organization, all you have to sell are your people's abilities, so we invest in that."
